ABOUT US

This hands-on workshop for endoscopic sinus surgery has been held since 2000 by the division of Rhino-allergy of Department of Otorhinolaryngology in co-operation with Department of Anatomy and Department of Radiology, Faculty of Medicine, Khon Kaen University. This will be your opportunity to gain knowledge in endoscopic sinus surgery as well as experiences by practicing on the fresh cadavers with CT navigator of paranasal sinuses available as a road map.

The workshop of this year will focus on practical aspects not only on sinus surgery, but mainly on skull base surgery.
